## TINY TOTS

Ages 4–6

Progressive Tennis is a revolutionary new way to teach the sport of tennis through the power of images, stories, and role playing. The progressive method is now being used the world over as it speaks to the children in their own language and uses child size adapted equipment.

## JUNIORS

Ages 6–12

Campers develop their skills based on using Red, Orange, and Green balls on a reduced court size and with smaller racquets appropriate for age, height and ability. The more advanced players play with regular yellow balls and full court play.
